

SAM Scribe

International Pricing Schedule

January 16, 2017

SAM Scribe Mk2 is a dual-channel, broad-spectrum, USB sound recording interface for recording environmental sound, specifically designed for investigating industrial noise pollution.

The first production run for SAM Scribe Mk2 is scheduled for February 2017.

These units are manufactured in New Zealand and will be available for export.

The basic unit comes with:

- 1 x twin-channel USB sound module
- 2 x colour-coded broad-spectrum microphones and universal stand clips
- 2 x microphone cables, (1 x 5m, 1 x 10m)
- 1 x Type 1 calibrator
- 1 x USB security HASP (dongle)
- 1 x GPS receiver
- 1 x USB cable
- Aluminium field case
- Two 100mm wind shields and tote bag
- Scribe recording software
- Instruction manual & software installation guide

For New Zealand and Australian customers only, the standard pack will also include:

- An HP notebook computer
- Preloaded software

Due to export/import restrictions across multiple countries, and the difficulty of providing international warranty on computers, all other international customers will need to purchase or supply their own Windows computer. Contact Atkinson & Rapley for the specifications required and recommended models.

Customers outside New Zealand and Australia will need to install the software and set up system parameters themselves. An instruction manual is provided.

All customers are encouraged to purchase their own additional storage, either a USB hard disk or flash drive, depending on their data requirements.

SAM Scribe has a 12 month return to base (New Zealand) warranty. Units to be returned at the owner's expense. Repaired/replacement units will be shipped to the customer free of charge.

Atkinson & Rapley have no control over import duty or other taxes at the country of destination. These must be borne by the customer. If you are unsure, enquire of your country's authority before purchase.

All international customers must pay for international shipping in addition to the following prices.
